

Potton 1881 Census - taken from LDS Cd. In two sections as shown by the piece numbers. Individual households are shown by bold street names. There were a number of errors in the LDS transcription, these have been corrected by reference to the copy of the census held by Potton History Society. Statistician's annotations from the LDS version have been omitted as they do not add to the census information. A further document is being produced which will list those people said to have been born in Potton but living elsewhere in the UK in 1881.

The index starts after page 71.

Census Place: Potton, Bedford, England Source: FHL Film 1341389 PRO Ref RG11 Piece 1626 Folio 79 - 98 Page 1 -39.
